Many Attend Armistice Service In Tribute To Departed Comrades

The Armistice service at the Legion hall on November 11th was well attended and tribute was paid to departed comrades of both World Wars.

The memorial wreath was presented by Cdes. Herbert Larson and Wesley Parsons and the honor roll was read by Cde. Sam Congdon.

This service was conducted by the Rev. H. W. Ingles, who for whosever will his life shall lose it; but whosever shall lose his

life for my sake and the gospel's the same shall find it.

Mr. Ingles spoke on the merits of sacrifice. Not only the sacrifice of those who die in battle for the benefit of this country but also those who sacrifice material gain and worldly ambition to render the service of Christ and his Kingdom.

The choir gave two good anthems and the service was brought to a close by all singing God Save the Queen.

WITH THE District Agriculturist

Grazing Native Pasture

This is a subject which is probably not considered often enough. Certainly most of our native pastures are not as good as they should be if more attention and care were given them. Most of our native pastures are so badly overgrazed that nothing grows on them now except coarse, unpalatable grasses, buckbrush and brush. Studies conducted by the Lethbridge Experimental Farm have shown that where only moderate grazing is allowed that the grass left in the soil acts as a sponge and holds more moisture, thus giving better growth. Where heavy grazing is allowed there is less growth and more water erosion. Under light or moderate grazing cattle gain more weight and wear better calves. These are things to think about when deciding how many cattle to turn out on your pasture.

Why Keep Coyotes

Strychnine pellets and cyanide guns have proven very effective in the control of these pests. These poisons and advice on how to use them are available free from your local Pest Control Officer. If ever one quarter of farmers used these poisons, there would be very few losses to coyotes in this area.

Hog Quality

Alberta is the second province in Canada in hog production but it is last in hog quality. This means one thing, the farmers in Alberta are failing to make the profit they should out of hogs. It costs just as much or more to raise a "C" grade hog as it does to raise an "A" grade hog, but the returns are from \$5.00 to \$7.00 per pig less. This extra money can go into the farmer's pocket if he sells better hogs. Times are tough, why do the work and then throw the money away.

Card of Thanks

The members of the Irma W.I. wish to extend sincere thanks to those who helped in any way with the annual Bazaar, and would like all to know that it proved to be a most successful day. —Irma W.I.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you. Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples.

As the Father hath loved me, so have I loved you: Continue ye in my love.

If ye keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in his love.

These things have I spoken unto you, that my joy might remain in you, and that your joy might be full.

This is my commandment, That ye love one another, as I have loved you.

Greater love hath no man than this, that a man lay down his life for his friends. —St. John 15:7-13

Glen-Coa Cleanings

We wish to welcome the Jimmy Owen family, who have moved from the outskirts of our district to its very centre, making their home now on the Knudson farm.

Mr. Alan Connolly of Red Deer (near Margaret Pedel) spent several days at their parental home last week.

We are sorry to report that Mr. J. B. Gulbraa is a patient at Wainwright hospital at present.

Quite a variety of illnesses are prevalent in our community right now. Some are recuperating from mumps, while others are enduring chicken-pox or the flu. We wish everyone a speedy recovery.

Mr. O. Steffensen had a trip to Winnipeg last week where he attended the U.G.C. convention. Mr. E. R. Erickson spent a few days in Edmonton recently.

Mr. Gordon Hollinger also was an Edmonton visitor last weekend. Meanwhile the long holiday weekend brought Miss Edythe Gulbraa home from C.L.C. her pal, Myrna Harray of Viking accompanying her.

Miss Della Symington was a weekend guest of Mrs. Nilson and Edling.

Mr. Macla Knudson, Lyle and Lyle were here last weekend visiting at Springs and elsewhere. We understand they are busy getting settled in their new apartment at Red Deer.

Mrs. E. Erickson and Mrs. O. Linnas attended the W.M.F. Workers' Conference at Holden last Saturday. They report a large attendance of enthusiastic women, resulting in a day both profitable and inspirational.

Sharon W.M.F. has set Saturday, November 23, at 2 p.m. as the day for their sale and tea. It will be held in the church basement parlour.

There will be no church service at Sharon next Sunday, Nov. 17, due to the joint parish communion service at Trinity church at 11 a.m. There will also be an afternoon service at Trinity with Pastor Lund, President of C.L.C., as guest speaker. This is to be the culmination of the Circuit Convention beginning at Trinity on Friday evening with the Rev. L. R. Linnas of Edmonton as guest speaker, and continuing through the day. We look for a large attendance at these sessions.

Northern Nuggets

The school grounds at Albert received a new look on Saturday, November 9, when a number of men of the district gathered to put in the posts for the new seating rink. This rink should prove to be a valuable asset to community life.

The chicken supper and bingo, sponsored by the Tri-Way Association on Monday, Nov. 11, turned out to be a very enjoyable and worthwhile occasion.

At about six o'clock people started pouring into the school, and supper was served from six to eight. After everyone was too full to move, or feel comfortable, a 15 game cash bingo was held.

Winners were as follows: S. R. McRoberts, S. Mrs. Doris Barsa, L. K. Kuwika, S. Mrs. Hunter, X. Mrs. Shippy, S. Mrs. Schreyer, S. George Sherry, T. Bill Robuck, S. Mrs. H. Johnston, S. Ivan Hardy, plus sign Jina Allen and Mrs. Crouse, S. Claudia Ramsay, S. John Barsa, S. Mrs. E. Allen, Black-out—Ann Savage and Mrs. Herbert. After the bingo a delicious lunch of pie and coffee was served.

The Association would like to thank all those who donated food, or helped in any way to make this evening a success.

Mrs. E. J. Jones and her daughter, Mrs. Archie Cook left Wainwright on Thursday for a trip to Toronto where they will visit for a month at the home of their daughter and sister, Mrs. Richard Gower, the former Edith Jones.

Mrs. Edna Smith of Edmonton was a weekend visitor here at the E. J. Jones home.

Miss Vera Pelt and Joan Fleming were also home for the holiday.

Mr. and Mrs. C. L. Currie were Edmonton visitors last weekend. Since their return they have at their unwelecome guests, the infamous and industrious "flu bug".

The busy lives of the school children and the school staff were the main feature of the school Thursday, Nov. 23rd. These girls greatly appreciate the \$25.00 they were able to collect when "shelling out" for the U.N.I.C.E.F. was the cry on Halloween.

On Monday, November 4th, Mrs. J. Jackson and Arthur drove down to Sundre to visit with Mr. and Mrs. Chester Bartholow, they were all victims of the flu bug. You Yankies with your rock and roll are living in a rutnik. We may not have a Gallup poll, but comrades, we have Mulnick.

You think our homes are shatched with straw, our roads are like a bogunk. We beat you Yankies to the draw, we're putting on the dognik.

More than a billion new trees grew in the forests of the Canadian pulp and paper companies last last year.

Favorable comments heard on appearance of cemetery

Members of Virden Cemetery Improvement Association at their meeting last month reported that many favorable comments had been heard and had been received from visitors to Virden during Anniversary Week on the beauty and well-kept appearance of the cemetery.

Because of the abundance of moisture during the past summer the caretaker have had a busy time cutting grass. A number of people have requested that their

plots be sodded over. As was decided by the association earlier in the season, those plots not being cared for will be sodded unless owners have expressed their wishes to the contrary. Work is to begin at this at once since grass cutting is over for the season.

The meeting heard a report on damage to trees and to the windows in the vault from the hail storm last month. The caretaker, C. Rowson, was present at the meeting to report on work done and on requirements.

Members of the association commended the generosity of those whose contributions toward the upkeep of the cemetery make possible the maintenance of the beauty of the area.—The Empire-Advance, Virden, Man., Oct. 2/57.

To call tenders on SVHC home

Tenders are to be called immediately by the Souris Valley Housing Company Ltd., for construction of their proposed senior citizen home at Estevan, it was announced by Frank Abbott, president of the company.

The announcement followed a meeting Tuesday afternoon at which company officials discussed details of the proposed project with provincial government officials and a representative of the firm's architects who designed the home.

It is the intention of the Souris Valley Housing Company to proceed immediately with the awarding of the contract to the successful tendering contractor so that work can be started this month on the actual construction.

"We must be in a position, before winter sets in, to show the Central Mortgage and Housing Corporation that we have made a considerable amount of progress in the construction of the project," commented Mr. Abbott.

He said that it appeared the minimum expected was the clearing and levelling of the site, excavation work and some concrete work such as footings and foundations.

"This much progress at least must be shown in order to satisfy the terms of the company's agreement with CMHC for the building loan made available last May," explained Mr. Abbott.

Mr. Abbott said "there is no doubt about the need for this senior citizens home at Estevan to serve the area involved because we are aware now of enough forthcoming applications to practically fill the home."—The Mercury, Estevan, Sask., October 3/57.

TRUCK BURNED

The interior of the cab of a tow truck the property of Great Motors Ltd. was destroyed by fire Tuesday afternoon. Cause of the fire was given as a short circuit under the dashboard.

The fire was noticed by John Stepper at the rear of the Locker Plant. He warned employees in the garage who were unaware of the blaze at the rear of the garage. Who two hand extinguishers were used, employees were unable to control the blaze. Meanwhile the alarm was given and the Fire Brigade arrived quickly and soon had the fire out but not before the truck had been badly damaged.—The Journal, Humboldt, Sask., September 26, 1957.

Enough vaccine soon for priority flu shots

By mid-November, Manitoba's health department expects to have distributed enough Asian Flu vaccine to take care of all persons on the initial priority list.

Hon. R. W. Bend, health minister, said he had been informed by Ottawa that 27,000 doses of the vaccine should be in provincial hands by that time. Up to October 11, the province had distributed 2,500 doses received from the federal laboratories, with promises of increasingly larger weekly shipments. Cost of the vaccine is shared equally by the federal and provincial governments.

The vaccine received to date has gone to medical and nursing staffs in Manitoba hospitals. The priority list, drawn up by Ottawa,

put this group in first place. Workers in essential services such as fire, police, waterworks and communications, together with elderly persons in institutions, are on the list as well.

Deputy health minister, Dr. Morley Elliot, said the danger lies not in the actual disease, but in the complications that might result. He indicated that those stricken with Asian Flu were more susceptible to pneumonia and other illnesses.

Dr. Elliot explained that commercial imported vaccine was expected to be available soon from private physicians.

River dispute settled

A 17-year dispute between Canada and the U.S. over disposition of the waters of the Souris river has been settled by the International Joint Commission.

In an atmosphere more cordial than it has known for several years, the IJC reached agreement expected to be satisfactory to Manitoba, North Dakota and Saskatchewan through which the Souris flows.

Officials see the settlement as a good omen for reaching agreement on other international river disputes now before the commission—notably the Columbia.

The Souris, which rises in Saskatchewan, crosses the border into North Dakota and then crosses back into Manitoba to join the Assiniboine, has been an international stumbling block every time drought strikes the western plains.

International law—mainly the boundary waters treaty of 1909—gives the upstream state, which is Canada, the right to cut off the water for its own needs.

The downstream state can then appeal this action in Canadian courts.

But in the Souris case Manitoba is downstream from North Dakota, the U.S. state could similarly injure Manitoba.

The new deal is understood to guarantee Manitoba a minimum flow in dry years of 50 percent of the North Dakota flow. The figure amounts to about 6,000 acre feet per year.

The IJC meeting with a new American negotiator, Hon. Douglas Mackay, opened at Ottawa last week. — The Plaindealer, Souris, Man., Oct. 9, 1957.

COURTESY PAYS OFF

Good morning, neighbors!

Being loyal subjects of Her Majesty the Queen, we were delighted to give up our Neighbourly News period last Sunday morning, in order to enable the CBC to bring you reports of Her Majesty's visit in Ottawa. But we must admit that we missed our weekly contact with you, neighbors.

Missing something for a long time, but finding it eventually, was the good fortune of young Kenny Reich of the Pretty Valley district, Man. — the Swan River Star reporting that Harry Harvey or while gardening last July, found a signet ring belonging to his grandson, Kenny, which Kenny had lost when visiting there seven years ago.

While we are in the garden (so to speak) the Hanna Herald, Alta., notes that John Friesch of the Oxyen district hauled up a rat from his garden weighing no less than four pounds, three ounces.

And a news-item in the Oxbow Herald, Sask., states: "Pianist said Mrs. Ed. Brooks of the Alameda district, after listening to C. F. Greene on his Neighbourly News broadcast told of somebody in Manitoba digging up a 3-lb. radish. Mrs. Brooks asked her husband to go out in the garden and dig up a 'real radish'."

And, brought it in to the Herald office on Monday — all 12 pounds of it. That's right, a 12 pound radish.

That could be a record, and Mrs. W. Harper of Kincaid, Sask., wants to know if this is a record. Joycie Christian of Kincaid had a 10-year perfect attendance record at the United Church Sunday School there—before leaving for Regina to take her high-school training.

Speaking of schools—according to the Carillon News of Steinbach, Man., Cobell School near South Junction seems to be living up to its name about as well as any school we've heard of. You see, there are 15 pupils this year at Cobell, and every one of them has for a surname—yes, you guessed it—Gobell.

Still on the school subject, we learn from the Oak Lake News, Man., that: After teaching a geography lesson in a rural school, Miss Joyce Deneuk, of Oak Lake, asked the children to name the two poles of the earth. One student immediately answered: "The Hydro pole and the Telephone pole."

"Telephone poles", echoes the Qu'Appelle Progress, Sask., "listen to this". Shocked by the language used by two workmen repairing telephone wires near her home in Qu'Appelle, an elderly lady reported the matter to the company. The foreman in making his report on the incident wrote: "Me and Bill was on the job. I was up the pole and let some not lead fall, which went down his neck. He turned to me and said 'You really must be more careful, Harry' and I said, 'Indeed I must, Bill. I will see that it don't happen again'."

But this sort of thing mentioned in the High River Times, Alta., happens time and time again—which speaks well for our Canadian character. J. D. Morrison wife has recently undergone an opera-

tion in a Calgary hospital has had a real miracle drug to hasten his convalescence. This is the good news that his neighbors have staged a series of bees to have his whole crop safely harvested.

NEIGHBORLY NEWS

A CBC program aired every Sunday morning At 10:00 Central Time

PREPARED BY C. F. GREENE

And the Shaunavon Standard, Sask., states: With Francis Bourque ill in a Regina Hospital and his crop lying swathed in the fields, his neighbors exhibited that spirit which has built up the West, and pitched in to help their neighbor in distress. Seven combines supplied and operated by his neighbors entered the morning about 10 a.m. on Tuesday morning and by four in the afternoon the crop had been picked up and the wheat was in the bins.

A different type of good-neighborliness is reported in the Banff Crag & Canyon, Alta.—which offers congratulations to an unnamed local working couple, who refused room rent from university student working here as a waitress, after they discovered that her net earnings this summer would not be sufficient for her next year's university tuition and expenses.

Here's a neighbor who obviously has never visited Banff. According to the Rossburn Review, Man.—R. J. Brown reports that on October 18th, 77 years ago, he came to Manitoba, and has never been out of Manitoba since. Can anybody beat this record?—asks the Review.

"And can anyone beat this?" "Why not?" said the other, with a resigned sigh. "It's a lot cheaper." Good morning, neighbors, and keep smiling.

Ninety years is a magic word in the Birthday calendar—and receiving congratulations on their 90th birthday anniversaries are: H. R. Tolson of Winnipeg, formerly of the St. David's district, Man.—Mrs. David Robertson of Qu'Appelle, Sask.—J. K. McKenzie of North Portal, Sask.—John Patterson, formerly of Neepawa, Man., now living in Regina. Then we salute F. T. Smith of Rapid City, Man., 91—Mrs. P. A. Reid also of Rapid City, 92—William Martin of Grandview, Man., 92—Mrs. W. L. Bright of Botha, Alta., 94—Mrs. A. E. Hole of Winnipeg, 96 last Sunday—and Mrs. Agnes Lutes formerly of Miami, Man., now living in Winnipeg, 99.

An elderly neighbor receives well-deserved publicity in the Virten Empire-Advance, Man., which states: Believed to be Canada's oldest living Ukrainian-born pioneer, Joseph Jopko of Virten, 80 years of age, met Prime Minister John Diefenbaker and Mrs. Diefenbaker in Ottawa, recently. Mr. Jopko was in the nation's capital to take part in a privately financed documentary film on Canada's Ukrainian pioneers. Mr. Jopko is well known in the Virten district as a singer of Ukrainian folk songs.

Returning now to the animal world, I got my first moose without looking for him," Freddie Belzner of the Weekes district, Sask., told the St. David's district Review. Belzner and Harvey Berg also of Weekes were in a car on highway No. 9, when they collided with the hind legs of the moose. The huge animal jumped from the side of the road into the path of the vehicle. The two young men, though badly shaken up, didn't realize what happened until they found one of the front legs of the moose sticking through their windshield and mauling them in the front seat. The moose,

WAPPELLA STORES BROKEN INTO

A number of Wapella stores were reported broken into either Saturday night or early Sunday morning.

As yet little is known as to the amounts taken from the various establishments but it is understood that Thompsons Garage, Currie's Garage and the North American Lumber yard office were the objects of the thief or thieves' endeavors. At the Lumber yard they entered through a broken window and left with approximately \$10.00 and a suede leather jacket.—The Herald, Whitehead, Sask., October 8, 1957.
